Card Number: _____ Exp. Date: _____

Name Printed on Card: _____

RETURN SHIPMENT METHOD (Check one)

- UPS GROUND
- 2 Day Delivery
- Next Day Air
- Saturday Delivery

WARNING!

Your OEM Fuel Pump is extremely fragile. Please take extra precaution to package it properly. APR recommends wrapping the unit in multiple layers of bubble wrap and placing it in the middle of a box with static bags to prevent it from contacting the sides of the box. If a fuel pump arrives damaged there is no way for APR to replace or rebuild damaged parts and a new pump will then have to be purchased. This pump is a very expensive part so please pack and handle it as such.
